ABOUT THE PACIFIC ENERGY SUMMIT:

The Pacific Energy Summit is an annual, invitation-only meeting that convenes leaders from government, business, and research to explore innovative solutions to the dual challenges of rising energy demand and a changing climate. The National Bureau of Asian Research (NBR) launched the Pacific Energy Summit in 2009 and serves as the Summit Secretariat. 2016 Summit sponsors, partners, and collaborators include Chevron, the Asian Development Bank, ExxonMobil, the Sustainable Energy Association of Singapore, and the Center for Energy Governance and Security at Hanyang University.

ABOUT THE NATIONAL BUREAU OF ASIAN RESEARCH:

The National Bureau of Asian Research (NBR) conducts advanced independent research on strategic, political, economic, globalization, health, and energy issues impacting U.S.-Asia relations. Drawing upon an extensive network of the world's leading specialists, NBR bridges the global academic, business, and policy arenas.
